Anitha Senthilnathan

AI & Cloud Solutions Architect | Tech Conference Speaker | Certified Multi-Cloud Expert

About Me

I am an AI & Cloud Solutions Architect with 12+ years of experience in designing and deploying secure, scalable, and cost-optimized solutions across AWS and Azure. Currently leading the development of Agentic AI systems, I specialize in AI-driven cloud migrations, multi-agent architectures, DevSecOps automation, and responsible AI governance. With a strong foundation in software engineering (ex-Emirates Group), I bring deep expertise in building enterprise-grade, multi-cloud platforms aligned with business impact and innovation.

Passionate about knowledge sharing, I've spoken at the AWS Summit Dubai 2025, Microsoft AI Horizons, and various tech community meetups. My goal is to help organizations and professionals embrace the future of cloud and AI — especially in the context of enterprise transformation.

Key Speaking Topics

- Enterprise Cloud Migrations at Scale.
  Insights, pitfalls, and proven strategies from large-scale transformations in regulated industries.
